

Tell Me Why

From the album *100 PERCENT*, written by Gary L. Vincent, BMI

Chorus: Tell me why, tell me true. Tell me was it really you
That walked out of my world, said you didn't love me anymore
Tell me why can't you see that I'm all you'll ever need
Pretty baby don't you cry, come on back and tell me why

Line 1: I see you out there – In those tight blue jeans
And my mind – just drifts away it seems

We used to have a real, fine love
We used to really fly
But now you're leaving baby –
Baby tell me why!

Chorus: Tell me why, tell me true. Tell me was it really you
That walked out of my world, said you didn't love me anymore
Tell me why can't you see that I'm all you'll ever need
Pretty baby don't you cry, come on back and tell me why

Line 2: I want you darling – Much more then you know
That's why I'm begging – Baby please don't go

Give me one more night
I'm going to really try
But if you have to leave –
Baby tell me why!

Chorus: Tell me why, tell me true. Tell me was it really you
That walked out of my world, said you didn't love me anymore
Tell me why can't you see that I'm all you'll ever need
Pretty baby don't you cry, come on back and tell me why

(Final chorus repeat with instrumental ending)
