

Unsolid Ground

From the album *100 PERCENT*, written by Gary L. Vincent, BMI

Line 1: All by myself – I'm waiting for you and nobody else
Are you at home – Come on baby just answer the telephone

Chorus: The day's growing older – where have you been
Girl, I hope you're not fooling around
Don't leave me standing (no)
Don't leave me standing on Unsolid Ground

Line 2: When I went out, I wondered through the streets at night
But I couldn't find you and I felt so lonely and so blue

Chorus: Night has fallen – where have you been
Girl, I hope you're not fooling around
Don't leave me standing (no)
Don't leave me standing on Unsolid Ground

Line 3: I must have tried a million times to get to you
And it seems so strange a love could fall so quickly and so soon

Bridge: I'm standing on a mountain
Of Unsolid Ground
But girl you left me and I can't get down!

Chorus: I feel the wind blowing – from this cold, cold heart of yours
Girl, I hope you're not fooling around
Don't leave me standing (no)
Don't leave me standing on Unsolid Ground

Line 4: I was upset – and all I had left were memories
Of your love – but it was gone in a breeze

Chorus: Why did you leave me – where did you go
Girl, I hope you're not fooling around
Don't leave me standing (no)
Don't leave me standing on Unsolid Ground
