

Fantasy Girl

From the album *Passion, Pleasure, & Pain*, written by Gary Lee Vincent, BMI

Chorus: Wild women, fancy cars,
Hanging around the smoke-filled bars
And dreaming of you
Beneath the neon light

Since you've been on, I've been on my own
Stereo music in monotone
And wishing you were
In my arms tonight

So dance on Fantasy Girl
And make everything all right

Line 1: She was a dancer for dollars
Underneath the skies above
She needed the money
But she also needed a little love

Time and understanding
From this cold, cold world
Life is so demanding
Won't you be my Fantasy Girl

Repeat Chorus

Line 2: She had the grace of an angel
Dancing in the devil's pit
The countless faces, the empty embraces
That just won't quit

Through the misty moonlight
Around the pole she twirls
Dancing after midnight
Won't you be my Fantasy Girl

Repeat Chorus
