

I Dream I Could Hold You

From the album *Passion, Pleasure, & Pain*, written by Gary Lee Vincent, BMI

Line 1: Have you ever seen a bluebird in the spring
Or the color of the leaves in the fall
Have you ever realized that love has been disguised
Or wonder if spring was here at all

Well I guess that's the way that I feel about today
But then again, I guess I could be wrong
But I'd better say it soon, 'cause from looking at the moon
My chance at love could very well be gone

Chorus: Baby I just don't know how to love you
Girl I've never been in love before
But sometimes it seems that if I just dream
I could hold you in my arms -- forevermore

Line 2: As I stare out this window into darkness
I realize how beautiful you are
And this breeze that I feel, a soft and sudden chill
As I sit back and wish upon a star

I'm scared and I'm sad, oh girl I feel so bad
'Cause I know that you need to feel love too
So help me to be brave, 'cause if true love's what we crave
In my heart I will always be with you

Chorus: Baby I just don't know how to love you
Girl I've never been in love before
But sometimes it seems that if I just dream
I could hold you in my arms -- forevermore

Tag: Yes sometimes it seems that if I just dream
