

December 25 (The Missing Link)

Written by Gary Lee Vincent, BMI

Line 1: The Lord is the father of the heavens
The Lord is the ruler of the Earth
But remember that His son is the savior
And Jesus freed mankind from the birth

The carols are sounding in the streets
The people are cluttered in the malls
But people forget when they're lost in the crowd
That Jesus is the greatest gift of all

Chorus: So people when you say that it's Christmas
Tell me, what is it you think?
Because Christmas is more than gifts in the store
Never forget that Christ is the missing link.

Line 2: There is fighting and violence all over
There is killing going on everywhere
And the true spirit of Christmas is dying
Sometimes I don't think that people care

There are stars that glitter in the night sky
A reminder of the miracle of Christmas past
And the stars up in the sky shining down for you and I
Are a reminder that His love is going to last!

Chorus: So people when you say that it's Christmas
Tell me, what is it you think?
Because Christmas is more than gifts in the store
Never forget that Christ is the missing link.

Tag: With Jesus every Christmas is complete.
