

Somewhere Down The Road

Written By Gary Lee Vincent, BMI

Line 1: I'm stuck out on this highway . . . far away from home
And even though I'm by myself . . . I know I'm not alone
And I know it's getting colder . . . as the night blocks out the day
But with your love I know there is a way!

Chorus: Traveling on this highway . . . Somewhere Down The Road
We will find a place . . . unlike we've ever known
Traveling on this highway . . . somewhere in the night
We are searching . . . between the wrong and right
And with God's love to guide us . . . the way is clearly shown
Into the future . . . Somewhere Down The Road

Line 2: Misty moonlight shadows fall across my eyes
And angel rays of twilight fill my darkened skies
Jesus what you did for me . . . on the day you died
Released me from my chains and gave me life!

Chorus: Traveling on this highway . . . Somewhere Down The Road
We will find a place . . . unlike we've ever known
Traveling on this highway . . . somewhere in the night
We are searching . . . between the wrong and right
And with God's love to guide us . . . the way is clearly shown
Into the future . . . Somewhere Down The Road

Bridge: And although the road is bumpy . . . And I sometimes go astray
You light up like a beacon . . . And help me find my way!

Repeat Chorus

Tag: And with God's love to guide us . . . the way is clearly shown
Into the future . . . Somewhere Down The Road
